

Flicker Alley Teams with EZTakes to Offer Classic Movies in Download-to-Burn Format

Flicker Alley, a company with a passion for bringing filmmakers and films from the past to new audiences, has teamed with EZTakes to offer a unique collection of classic films.

Northampton, MA – October 1, 2009 – EZTakes, Inc., the world's first DVD movie download service, has begun selling a selection of films from Flicker Alley. Consumers are able to purchase, download, and burn these videos to playable DVDs.

According to Jim Flynn, CEO of EZTakes, “We are thrilled to add the Flicker Alley collection to our movie download service. They offer some great high-quality digital editions of classic films.” Flynn added, “Flicker Alley has provided us with hard-to-find titles, such as 'Judex' and 'The Garden of Eden,' that add tremendous value to our catalog.”

“Since our goal at Flicker Alley is to bring films from the past to new audiences, we thought that partnering with EZTakes was an excellent way to do that. EZTakes provides a service that makes it easy for consumers to burn downloads of these films that we have remastered to DVDs. It's a great way to combine these historical films with new technology,” said Jeff Masino, founder of Flicker Alley.

By focusing on consumer needs, EZTakes provides a level of value and convenience that has enabled it to outsell billion-dollar competitors by up to 1000% for the same titles. Most EZTakes DVDs offer the same quality and all of the extra features of the original DVD. By making it easy to burn movie downloads to DVDs that will play just about anywhere, EZTakes bridges the gap between the Internet and the living room. EZTakes supports both Microsoft Windows and Apple OS X.
